DECOR HOME IDEAS

Introduction

Decor Home Ideas is a personal private blog where many specialists and experts on home decorating, gardening, lighting and interior design can speak their voice.

We are also in love with DIY's and crafts and constantly adding more original and creative projects to our library of content. Our passion for home decor, lead us to create the Decor Home Ideas brand so that we can help and inspire other people to make their homes and gardens a better place.

Our Journey

We have created numerous how-to's, tutorials and step-by-step instructions on home decor and DIY projects, remodeling and makeovers. We have started the Decor Home Ideas website in 2013 and since then we have grown a significant number of followers on major social media networks – Facebook, Pinterest, Instagram.
